

YOUR VOTE MATTERS

2024 CAUCUSES

February 27, 7:00 p.m.

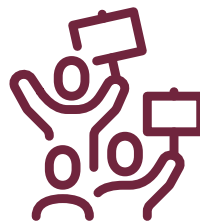

Precinct caucuses are run by each political party. This is where you can show support for issues that matter to you and your preferred candidate. To participate, you must be eligible to vote and live in the precinct.

Caucuses are where parties begin the election cycle by soliciting resolutions to change party platforms and to select delegates who will, among other things, be the ones to determine which candidates will be endorsed for the state legislature. If you want to bring a pro-business perspective to those processes, precinct caucuses are the place to start. You can bring along friends and family who live in your precinct to multiply your impact.

Your best opportunity to have the most influence in the electoral process

2022 Caucus turnout:
**Fewer than
120,000**

2022 total
primary votes:
759,456

2022 General Election
voters:
2,510,661
